GERMANY'S REFUSAL  
TO SIGN PROTOCOL

UNDER CONSIDERATION BY SUPREME COUNCIL—WILL BE INFORMED OF CONSEQUENCES.

BELIEVED ADRIATIC QUESTION WILL BE SOLVED BY NOTE PREPARED.

(By Canadian Press.)

Paris, Dec. 4.—The Supreme Council spent the greater part of today's session discussing the attitude of Germany towards the signing of the Protocol putting the Peace Treaty into effect. Germany's representatives having declared they could not sign it in the present form, including the provision for repatriation for the German warships sunk at Scapa Flow, and other features objectionable to them. The form of the note to Germany on this question was considered but no final decision reached. It is anticipated that the reply to the German note re the Scapa Flow question will contain very strong representations as to the consequences of further resistance.

The Council decided to give the small powers possessing sea coasts a few of the smaller German torpedo boats.

#### Adriatic Question.

London, Dec. 4.—An agreement which it is hoped will solve the Adriatic question has been prepared in Paris by the British, French and American Peace representatives for submission to Italy, according to a private despatch. Clemenceau and Under Secretary of State Polk, are said to have signed the agreement and it is understood Great Britain is prepared to sign, upon which the agreement will be handed over to the Italian plenipotentiary in Paris.

#### Not In Germany's Interest.

Paris, Dec. 4.—Frank L. Polk, head of the United States delegation to the Peace Conference, in an interview with Baron Kurt Von Elser, chief German representative told him that Germany should not interpret it as being in her favor any delay that might be encountered in ratifying the Versailles treaty at Washington.

SOME OPPOSITION  
TO FALL MOTION  
IS ENCOUNTERED

BUT U. S. FOREIGN RELATIONS COMMITTEE IS EXPECTED TO REPORT FAVORABLY.

ADMINISTRATION SENATORS SAY IT WOULD PRECIPITATE A CRISIS WITH MEXICO.

(By Canadian Press.)

Washington, Dec. 4.—The Senate Foreign Relations Committee will today take up Senator Fall's resolution for the withdrawal of American recognition of the Carranza Government and the severance of diplomatic relations. The prevailing impression is that the committee will report favorably on the resolution, probably after considerable discussion.

#### Would Bring Crisis.

Administration Senators are opposing the motion on the ground that its passage at this time would prove embarrassing to the State Department now trying to adjust the difficulties by diplomatic means. The adoption of the resolution, they claim would precipitate a crisis by inflaming the Mexican Government against the United States.

#### Would Pledge Support.

Senator Hitchcock introduced a substitute resolution in committee which besides authorizing the President to break diplomatic relationship with Mexico would pledge the support to him in any subsequent action he might decide upon.

WILL OCCUPY FIUME

AND ALL TERRITORY INCLUDED IN THE TREATY OF LONDON, 1915.

D'ANNUNZIO'S VOLUNTEERS TO WITHDRAW—ITALIAN DISORDERS GRAVE.

(By Canadian Press.)

London, Dec. 4.—Italian regulars will occupy Fiume and the territory included in the Treaty of London, signed in 1915, by representatives of Great Britain, France, Italy and Russia, according to a Rome despatch to the Exchange Telegraph Co. Captain Gabriele D'Annunzio's volunteers will withdraw from Fiume, it is said, under the terms of an agreement reached as a result of negotiations between London and Paris.

#### The Italian Disorders.

Berne, Dec. 4.—Disorders at various places in Italy have assumed a revolutionary aspect, according to advices received here. During the Turin demonstration Lt.-Col. Rossi was seriously stabbed in the back and 15 others injured.

T. H. FIELD KILLED  
IN AUTO ACCIDENT

REMAINS OF FORMER WELL KNOWN GALTIAN TO BE BROUGHT HERE.

Mr. Thomas H. Field, a former resident of this city, was killed in an automobile accident at Dy Ridge, Kentucky, on Saturday last, Nov. 29. Deceased was a son of the late Mr. and Mrs. Thomas Field of this city, and was born and brought up here. The late Mr. Field at the time of his death was a drug traveller in the States, and while he was a resident of Galt served his apprenticeship as a druggist with the late Mr. J. Y. Graham.

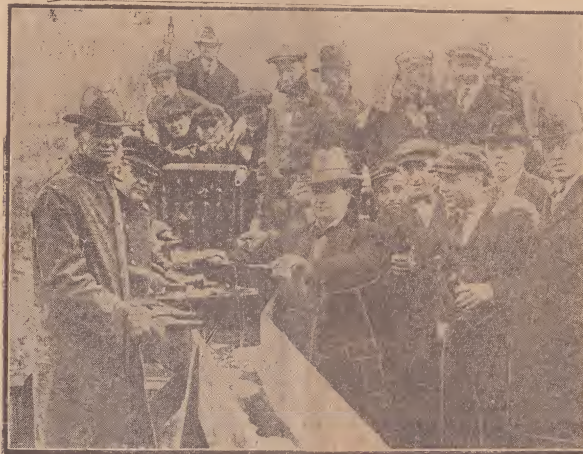

Deceased is survived by his wife, who is a daughter of the late Mr. Samuel Greer, at one time Inland Revenue Officer in this city, and one daughter, Rose, of Wheaton, Ill.; one sister, Miss Minnie Field, McKenzie street, city, and five brothers—Frank and John of Souris, Man.; James in Edmonton, Alberta; William in Hamilton, and Herbert in Mitchell. The funeral will be held at ten o'clock on Friday morning from T. Little & Son's undertaking parlors to Mount View cemetery.

3,000 CLERKS ON  
STRIKE IN LONDON

DEMAND INCREASE IN PAY AND SHORTER HOURS.

(By Canadian Press.)

London, Dec. 4.—Three thousand assistants employed in the most important department stores of the west end, went on strike this morning for an increase in pay, shorter hours and various other concessions.

HOW BOOZE WAS DESTROYED WHEN ZION CITY WENT DRY.—Thousands of bottles of 2.75 per cent. beer were destroyed at Zion City, Ill., recently, by order of the U. S. Federal authorities. The authorities are here shown pouring the contents of the bottles into a specially constructed runway leading into the river. The bottles were saved and were sold for \$3.00.

FUEL SITUATION IN CANADA  
SHOWS NO IMPROVEMENT

Government May Find It Necessary to Go Over Head of Director-Gen. Hines to Obtain Action—Officials of Mine Workers Surrender—Railway Services Being Reduced.

(By Canadian Press.)

Ottawa, Dec. 4.—The Fuel Section of the Canadian Trade Commission has so far received no notification that a movement of coal from the United States to Canada is under way. The Commission's representative in Washington is doing all in his power to hurry the shipment of coal. In the meantime there is no improvement in the Canadian situation.

#### G.T.R.'s Supply Low.

Supplies of the G.T.R. are, it is understood, are very much depleted, and doubt is expressed whether the road could continue much longer in operation under the present conditions. It is stated that unless shipment is

made very soon the Canadian Government will find it necessary to go over the head of Director-General Hines of the United States Railroad Administration to obtain speedy action.

#### Surrender to Police.

Indianapolis, Dec. 4.—Headed by Acting-President John L. Lewis, general and district officials of the United Mine Workers, surrendered to United States Marshal Storsen, who held warrants for their arrest on information filed charging 84 officers with contempt of court.

#### To Cut Off Trains.

Chicago, Dec. 4.—All railroad passenger service on the north, west and northwest lines running out of Chi-

cago will be cut one-third beginning Monday, under an order issued today. Serious in Pittsburgh.

Pittsburgh, Dec. 4.—The fuel situation here is a most serious aspect today when Federal Fuel Administration officials ordered the curtailment of the coal supply to many industries. Coal permits will virtually only be issued to railroads, Federal, State and County Departments, public utilities and retailers. It is believed that the supplies of many industrial concerns will soon be exhausted, forcing many to close down. Reports today indicated that practically all the union mines in Central and Western Pennsylvania fields remained closed.

Get Behind Y. W. C. A.  
Project at City Hall Tonight

At the risk of being regarded as too persistent and insistent The Reporter repeats its invitation to the Thoughtful Citizen to lend a helping hand at tonight's meeting called for the purpose of launching a Y.W.C.A.

Now, Mr. Good Citizen, can you remain indifferent to this Call for Service? You must know that the Business Girl of today is one important link in a chain of producers that we must ever keep extending. And you must feel that a Community such as this is cannot look other communities squarely in the face and say that she has all the Essentials of Good Citizenship when she has no Home such as the Young Women's Christian Association can provide.

Galt has much to be thankful for; much to boast of in the form of public utilities that bespeak the generosity of her people as a whole. But when stock of her belongings is taken and she is found without an institution everywhere acclaimed as a civic utility of prime importance, then must Galt acknowledge herself slow in making progress in one channel of social endeavor.

The Reporter is given to proclaiming Galt as a model young city, well governed and well supported by men and women of large views and wide sympathies. This journal will be sorry to have its faith in the men and women who do things for the general good shattered in the discussion of this Y.W.C.A. Building scheme. It calls for a large meeting of citizens in the City Hall tonight, and trusts that out of the deliberations will come the suggested enterprise, the launching of which will idealize Galt in these post-war days. The inspiration of Community Effort should carry the project forward rapidly. The Good Name of the city should do the rest.

Now then, a Full Council Chamber, please. Give The Reporter another chance to commend citizens for their public spirit in a worth-while movement.

CANADIAN DISCHARGED SOLDIERS IN ENGLAND TO RECEIVE SAME OPPORTUNITY.

(By Canadian Press.)

London, Dec. 4.—Under arrangements with the Canadian Government provision is made here for the industrial and agricultural training of Canadian discharged soldiers, under the same conditions as the men of the Imperial forces. Previous notice of non-eligibility referred only to training grants scheme for former officers and men of similar education at qualifications.

New York, Dec. 4.—Henry Morgan Tifford, prominent figure in Standard Oil for many 35 years, died here last night. It is estimated that he left an estate of \$20,000,000.

WILHELM DOES NOT  
BELIEVE HE WILL BE  
BROUGHT TO TRIAL

IS SO CONFIDENT THAT HE WILL NOT EVEN MAKE PREPARATIONS.

(By Canadian Press.)

London, Dec. 4.—Former Emperor William of Germany does not believe he will be brought to trial by the Allies, or if tried that his future will be affected in any way, says a Berlin correspondent of the Daily Mail. Various friendly sources have recently suggested that he surrender to the Allies, offering to give the court all the information in his power, the correspondent says, but he appears too lethargic to take any steps even to concentrate his mind upon the preparation of the notes.

Interested in Russia. Next to saving wood, the erstwhile monarch's main interest seems to be in the various campaigns waged in Russia which he follows with the aid of large beflagged maps, and he eagerly reads all the news from that country.

FINDS SCRAP IRON  
INSTEAD OF GOLD

SHIPMENT OF MONEY TO HONG KONG MYSTERIOUSLY DISAPPEARS.

(By Canadian Press.)

San Francisco, Dec. 4.—A box containing \$25,000 in gold coin, shipped by the Anglo and London Pacific National Bank of San Francisco, on the liner Korea Maru, was found to contain scrap iron and metal washers when opened by the consignor in Hong Kong. Bank officials believe the substitution was made either on board the steamer or at Hong Kong.

## The Gas Situation

With gas shortage situation having attained a serious aspect now, especially for the hundreds of citizens who depend entirely on this fuel for cooking purposes, complaints are being received daily by The Reporter from these consumers about the number of citizens who still continue to use up gas in their furnaces, and who are of the class that can well afford to change over to coal.

There are many men who have to go to their work these days after having a cold non-day meal. Surely those who are using it in their furnaces will have some sympathy for these workers. The Reporter is informed that if those using gas in their furnaces would discontinue using it, there would be sufficient gas for those using it for cooking purposes.

DAME RUMOR IS BUSY—THREE CORNERED CONTEST FOR MAYOR'S CHAIR?

I.L.P. ELECTED THEIR OFFICERS FOR 1920—RICHARD HARRISON IS PRESIDENT.

A meeting of the Independent Labor Party was held last night in the Labor Temple, at which matters in connection with the forthcoming municipal contest were discussed and officers were elected for 1920.

Whilst nothing was given out for publication to The Reporter as to the official slate of Labor-G.W.V.A. amalgamation, Dame Rumor is already quite busy around the city and various names have been mentioned as probable candidates for municipal honors.

One rumor is to the effect that there will be a three cornered contest for the Mayor's chair, the names mentioned being Harry Holmes, ex-Mayor W. S. Dakin and the present incumbent, A. W. Mercer.

The Independent Labor Party is reported to be in favor of supporting Aldermen S. E. Charlton, W. S. McKay, W. A. Dixon and S. L. Clark. Still another rumor says that the I. L. P. will bring forward ex-Alderman Geo. H. Thomas again for municipal honors.

#### Officers Elected.

The election of officers for the I. L. P. resulted as follows:

President—Richard Harrison.  
1st Vice-Pres.—Ed. Howes.  
2nd Vice-Pres.—Arthur Tingle.  
Secretary—Geo. Peeling.  
Treasurer—Jos. Johnson.

GERMANY REQUIRES  
POLICING FORCES,  
IS EXPLANATION

ALLIED NOTE REGARDING DEVELOPMENT OF MILITARY FORCES MADE PUBLIC.

REPLY STATES REDUCTION OF ARMY TO STIPULATED LIMIT IS UNDER WAY.

(By Canadian Press.)

Berlin, Dec. 4.—The Government today gave out the text of the Allied note of December 1st, protesting against the development of Germany's military forces. The note refers to the formation of bodies outside the actual army, such as the Public Security Police, Volunteer Guard and Citizens' Guard, in contravention of it is declared, of the Peace Treaty. The note says the organizing of these bodies 'may be interpreted as an intention on the part of Germany not to fulfill the terms of the treaty,' and it requests the German Government to abolish these forces or to reduce them in accordance with the provisions of the treaty.

#### An Explanation.

According to a semi-official explanation issued here, the Government denies any intention of increasing the army. It declares that the reduction of the army to the stipulated limit of 200,000 is in full swing, and it expresses regret that there has never been a beginning of mutual discussion with the Entente on the subject of the strength of the policing forces which Germany finds it necessary to maintain in the interests of public security, although Germany several months ago suggested such a discussion.

### CAUCHON AND HIS SCHEME.

A petition to the Provincial Government from the City Council of St. Catharines asking that the old Welland Canal, which has not been used for nearly half a century, be set aside for park purposes; likewise the "Mountain" or ridge running from Hamilton to the Niagara River, the whole thing to be a continuation of Victoria Park, Niagara Falls.

The St. Catharines Council has been influenced to petition for this Provincial improvement by an address delivered by Naulon Cauchon, Consulting Engineer, of Ottawa. His audience also heard him advocate the damming of the Grand River and the diversion in part of the water to Dundas, where a drop of 300 feet could be obtained, allowing the Niagara district to be irrigated.

This is the project first outlined in Galt by Mr. Cauchon a few months ago. He stakes his reputation as an engineer on the feasibility of the scheme.

It is understood the damming necessary to accomplish the flow to Dundas is planned for this vicinity. Galt has not forgotten the W. H. Breithaupt plan for a couple of storage dams at the headwaters of the Grand to conserve freshet water and assure a steady flow during the summer months. Embodied in this scheme is a proposal for an additional set of 5000 horse power. Mr. Breithaupt emphatically states that his project is feasible—that it was so, from a financial standpoint, when bituminous coal was forty per cent cheaper than it is today.

These two engineers see in the Grand River potential power that should stir these municipalities and the Provincial Government to action. With coal becoming scarcer and harder to obtain yearly it does seem as if self-interest should lead the municipalities of this valley to plan for the future in the development of all available water powers. The Grand River serves us in a way. In spring, at the break up of winter, its forced attention makes manufacturers and employees almost take to the roofs for safety. At that time and for weeks after it discharges enough to fill a dozen basins as large as Mr. Breithaupt contemplates. All this goes to waste as an industrial element.

Conservation would put a lot of this water in storage basins, cutting down our spring floods and providing for a steady tapping of the reservoirs during the dry season. Things that seemed impossible of accomplishment a few years ago, when our problems were few and not very hard, now loom up in the realm of the possible. Ontario is being forced into action to buttress herself against a stoppage of coal supplies from Pennsylvania. The white coal of this Province, fortunately for us, makes the future look promising. Forgotten and partially planned projects for securing power are being resurrected under the stress of coal conditions that are keeping the country on edge and in a state of anxiety that can scarcely, from the point of view of the individual consumer, be over described. Science is at hand to provide the Province with remedies and Science should be allowed free play in solving for us the power problem in its widest sense.

Engineer Cauchon attaches to his irrigation, plans the creation in this valley and Niagara district of a multitude of ten-acre farms for intensive farming. He declares the same would help solve the unemployment situation. And, in our opinion, it would help solve the problem attached to the unemployed as a satisfied Veteran who wants to live near a town or city in Old Ontario and feels that he could earn a decent livelihood on a small holding—providing of course that he is not in a hurry to establish himself in that way. But in all these matters we must prepare for our future—or suffer from lack of action at the proper time, after being duly warned of the consequences.

### OUR AUTOCRATIC METHODS.

It is not pleasant to read such statements as the following:  
"Edward Bell, a Scotchman 23 years of age, is serving a Kingsford sentence of two years. He has been nine years in Toronto. He was rejected for enlistment on account of tubercular trouble, as a doctor's certificate testifies. His sentence is on account of one banned piece of literature he had found at his residence. He

bought it at a public meeting in Toronto, not knowing that it was banned."

In Sudbury lived a Russian named Miknevitch. His father and four brothers fought for the Allies. The father was killed before Lemberg in 1914; three of the brothers were also killed, and the fourth lost an arm and an eye. Miknevitch himself offered the Canadian Militia Department to recruit a Russian battalion. From his wages he had given \$200 to the Red Cross. His uncle was the head of the Archangel Government, which Canada was supporting. In his house were found two grips that belonged to two men who had left in arrears for their board. He was raided, and the grips still held up, were found to contain some banned literature. He knew nothing of this, but he was sentenced to three years' imprisonment. On appeal the sentence was quashed, Judge Routh finding that there was no justification whatever for the conviction.

These cases are cited by Arthur Hawkes in letters to the Toronto Globe dealing with Autocratic Rule in Canada. The Globe calls for investigation by the Minister of Justice. That should result from Mr. Hawkes' charges.

### EDITORIAL NOTES.

They say the Hon. Mr. Drury is faced by difficulties in his position as Premier. He is just getting what was coming to him the day he accepted office. He deserves to worry. Why shouldn't he?

That Hoodoo, the Grand Valley Railway, known to fame in Galt as our first electric road to the south, crops up again (not between Galt and Paris in spots where it disappeared beneath the surface of the very fertile soil of the valley) in the courts, in connection with the examination of Mr. W. S. Dinnick, Toronto's High Financier. Some Torontonians made money out of the wreck. The facts may now come out.

Suppose Mr. Drury does do away with the vice-regal residence in Toronto, what is to take its place? Where are the honors to be done for the Province.—Hamilton Times.

In the off-season the Lieutenant-Governor might carry a little in Hamilton; then go to Brantford to get near the Six Nations Indians for a few days; take a look-in at London and St. Thomas to test the traffic conveniences of Sir Adam Beck's famous London & Port Stanley Electric Railway; see Detroit from the border; move eastward in stately fashion to Guelph, the home of his youth; and then wind up by touring the North Country before making a round of the Fall Fairs—preparatory to wintering in Toronto during the season. If not, why not? Give His Honor take a wiser course than the one that will lead him over most of Ontario? Rubbing shoulders with the people of the Province in this way would add to the importance of Government House whether it is on wheels moving from city to city, or located in an inconspicuous place in Toronto. Lieut.-Governor Clarke is the stamp of man to "do the honors" anywhere in respectable society. He doesn't require the trappings of a lavishly furnished Vice-Regal Mansion to make a good impression. Neither does Mrs. Clarke.

### Locomotives for Sale in England

The London Times says: Tattenham Corner, Epsom Downs, fails to shelter just now a very glaring example of waste. The Southeastern and Chatham Railway Company's station here, the terminus of the Chipstead Valley branch line, has a row of sheds full to their utmost capacity with railway engines. They overflow also on to the double line of track some distance towards Tadworth. Here, packed as closely as possible, are certainly not fewer than 100 railway engines with their tenders, fully exposed to the weather, rusting steadily. It does not need the leaders, R.O.D. (Railway Operating Division) to show that they belong to the Government; no business concern would allow its property to deteriorate in this way.

At the Ministry of Transport a representative of the Times was informed last week that these engines are part of a consignment of 521, which were built specially for war traffic in France. As they were British engines they were brought back to this country under the precise given to the railway companies to return all rolling stock which might be of use to them. The railway companies have not been able to absorb the whole of the 521. Three hundred and seventy have been taken over by the railway companies, and the remaining 151 are at Tattenham Corner. The reason given by the railway companies for refusing to take over these engines is that they are too heavy for work in this country. They will probably be sold abroad ultimately.

# To Consumers of BITUMINOUS COAL

The Fuel Controller of Canada, having succeeded in securing a daily allotment of Bituminous Coal for Canada, is obliged, in view of the great demand, to confine shipments to public utilities and hospitals.

All other users of Bituminous Coal must secure their requirements from the stocks of coal now in storage in Ontario until such time as public utilities and hospitals have secured a supply sufficient to carry them through the Winter, or until the United States Government increases the present allotment.

Importers of Bituminous Coal are cautioned not to order shipments forward, as no coal will be permitted to leave the United States until so ordered by the United States Government.

## WEDDINGS

## Henderson—Henderson.

A pretty wedding took place at 2 o'clock this afternoon at the Presbyterian manse, St. George, of May G. Henderson, eldest daughter of Mr. and Mrs. Walter A. Henderson, Hespeler road, to Hugh W. Henderson, second son of Mr. and Mrs. James Henderson, St. George. The bride was assisted by her cousin, Miss Verly A. Nichol, while Mr. Cecil P. Henderson, brother of the groom, acted as best man. The marriage ceremony was performed by the Rev. G. D. Parquharson. After the ceremony the wedding party motored to the home of the bride where a delightful wedding dinner was served to about 40 guests. Later Mr. and Mrs. Henderson left for a wedding trip to London, St. Marys and Moorefield. The young couple were the recipients of many beautiful presents. On their return they will reside on the Hespeler road.

## Lane—Liddle.

The marriage took place quietly at seven o'clock Wednesday evening at Trinity church rectory of Jane Elizabeth Liddle, of Detroit, to Mr. Edward Lane, of this city. The Rev. W. H. Snodgrass officiated. Mr. and Mrs. Lane are residing at 54 Haddington street.

## Given a Shower.

On Tuesday evening a number of friends of Miss Minnie Barley gathered at the home of Mrs. R. Walker, 56 Haddington street, to honor her with a miscellaneous shower in view of her approaching marriage. The evening was spent in dancing and games and after a dainty lunch had been served the party continued until the " wee sma' " hours of the morning. Miss Barley received many useful gifts which show the esteem in which she is held by her friends.

## Brantford's Reduction.

Brantford's consumption of hydro power must be cut down. The Brantford commission has been so notified by the Ontario Hydro-Electric Commission and yesterday an appeal was issued to the citizens at large to restrict the consumption of current between the hours of 4 and 6 o'clock in the evening. The cut is of one-eighth, with 3100 h.p. as the peak load and 3055 as the midday load.

## Induction at Elora.

The induction of Rev. (Capt.) Geo. McDonald, of Speedwell Hospital, into the pastorate of Knox church at Elora, will take place this afternoon. Rev. George A. Little, of Chalmers church, Guelph, will address the people. Rev. J. L. Small of Hespeler will have charge.

## Teachers Get Increase.

The Waterloo Public School Board has granted a request of the Teachers' Association for an increase in salary. Increases ranging from \$50 to \$125, according to grade taught and length of service, were granted. The minimum salary to be paid is \$700.

## The 111th Dance.

Arrangements are now complete for the big dance in the Armouries on Friday evening, under the auspices of the 111th Battalion Association. Skinner's six-piece orchestra of London has been engaged to provide the music for the evening and the 29th Regiment Chapter, L.O.D.E., will serve the lunch, which will be provided by the Clovelly Tea Room. A large crowd is expected.

## Boxing Show.

Tonight (Thursday) is the night of the Y.M.C.A. boxing show. Six bouts of boxing and four bouts of wrestling make up the card. The show is being put on by the Y.M.C.A. boxing and wrestling classes. The boys have been well matched and a good all round display of the manly art is expected. The bouts start at eight o'clock.

### MATHEWSON AS A LEADER NOT LIKED BY LARRY KOPE

"BIG SIX" DIDN'T RULE WITH AN IRON HAND, SAYS LARRY KOPE, SHORTSTOP.

PAT MORAN IS A REAL PILOT. HE IS FIRM BUT NOT ROUGH.

Larry Kopt, the infidel of the Cincinnati Reds, has been telling the story of his baseball life for winter reading in one of the home town papers back in Connecticut, and judging from some of the statements he makes his brief "retirement" from the game previous to the opening of the 1919 season wasn't because he did not want to play ball. Eventually he didn't like the way Christy Mathewson had managed the Reds—when Pat Moran was named to succeed Matty, the Kopt "retirement" ended, and more than that, he concluded he would play in Cincinnati and nowhere else.

In the course of one of his interviews, Kopt is asked if he thinks the Reds could have won the National league pennant with Mathewson managing them. And he answers: "We might have, but, not to belittle Matty's ability as a manager, his methods of management were so different from those of Moran that I have my doubts about it."

"You see, Matty allowed us to go along and do as we pleased when we came to the stages of a game where the players as a general thing like to have the advice of their leader. When we would ask Matty what to do, to either lay the ball down for a bunt or hit 'er out, the manager, sitting on the bench, would lift one leg over the other and say:

And This for an Answer. "You're a ball player, are you not? You are being paid for being one; you ought to know what to do. Now go in and let's see how you come out."

"Matty did not seem to be willing to take any responsibility and left it entirely to us to decide what to do. I am free to say though that he did not heap the blame on us if our play did not carry through successfully. Neither did he accept the blame. He just let it pass over and was apparently very little disturbed."

"Players want a leader who will advise them and direct them at critical times; to be forceful and decisive and act quickly on the spur of the moment, but Matty seldom did that. He was too easy-going. We like a manager who will give us a call once in a while. It sets up into us and also gives us confidence. "Well, just such a manager is Pat Moran. He is not rough spoken to his men. In fact, he is the easiest and nicest manager to get along with that I ever played under. Still he would tell us when we failed to carry out his orders and what we ought to have done. He was firm and we appreciated that he meant what he said and also knew his business."

### BABE RUTH MAY TAKE LONG TOUR

RUMOR HAS IT THAT HOME-RUN KING WILL GO TO AUSTRALIA VERY SOON.

Word comes from California, where Babe Ruth is knocking the ball out of the lot wherever he happens to go, that the champion home run swatter is more serious in his holdout talk, and his demand for \$20,000 for next season, than is generally believed in the east. The fact that he is already under contract to play with the Red Sox for the next two years at \$10,000 per, does not seem to bother Babe a bit. And in view of the ethics of respect for contract obligations, the Babe has observed them right on his own ball club, why should he?

Ruth has been playing the hero role out in California, featured in the headlines, has a business manager of his own, and is drawing down \$500 a game for each appearance—and there is more of the coin in prospect for him, he is told by those who are exploiting him, if he will just continue to travel with them. The latest is a report, which may be only press agent matter, that he is considering a proposition to go to Honolulu and Australia on a tour under the direction of Gene Doyle, from which he could not possibly return before the middle of July. This is very significant, it means Ruth as a lever to use in his demands for more pay from Harry Frazee.

Maybe, too, Babe has heard of that new billion dollar league that was going to be launched in New York and believed some club in the new organization would be glad to give him \$20,000 a season for a couple of years. More likely he has been analyzing the celebrated Mays case, and has arrived at the conclusion that a contract is not binding on a baseball star when he chooses to disregard it, and elects to shift to some other club. Some there are who even hint Babe has picked his club, a la Mays, and that he, too, would join the Yankees.

### COLE'S MILL WAS HARD HIT BY STORM

BARNS DAMAGED, FENCES LEVELED AND WINDMILLS BLOWN DOWN.

(From our own correspondent.)... Coles Mill, Dec. 4.—This district suffered severely from the hurricane which passed over here on Saturday night. The wind reached the highest velocity about eight o'clock, causing damage to nearly everything in its path. Almost everywhere are to be seen trees broken down or uprooted and fences leveled. The large barn of Mrs. Ed Doyle was unroofed and the end blown in. Pieces of the metal roof were carried 300 yards. One of the tall chimneys on Mr. Shambberg's new house was blown down, causing damage to the roof. Mr. Shambberg's barn was also somewhat wrecked and a windmill blown down. Mr. A. Stager suffered the loss of a windmill. About two-third of the roof of Mr. Gordon's barn at the time the wind was blown away and also a number of trees along his lane. Mr. Tabbert's drive shed was shifted on its foundation. The roof of Mr. Thos. Doyle's barn near Downey's school was damaged to such an extent that it will have to be replaced with a new one. The wind continued strong all night and the hydro power lines gave some very vivid limitations of fireworks at times.

Mr. R. Chester, while driving home in a buggy during the storm, was upset and had quite a time getting things straightened out.

The roof of Dr. Galbraith's barn was carried away intact and landed in the adjoining orchard. Mr. Wesley Eaton's silo was leveled by the wind. Nearly every farmer is reporting loss either to buildings or fruit trees. A number of orchards had a path cut through them by the wind, which seemed to travel in streaks.

Messrs. Art Grieve and Milton Gordier were at Linwood over Sunday.

Mr. D. J. Fleming of Galt, was in town on Friday last.

The grist mill is running full blast at present, with plenty of wheat coming in from the farmers.

The young people are getting their skates ready for the first skating of the season on the ponds, which will not be long if the present weather continues.

It may be laid down as a general rule that whenever anyone makes a ring-tailed simian of himself in public life he thinks the newspapers are subsidized.—Exchange.

### SIXTEEN-STORY HOTEL.

PLANNED FOR MONTREAL. Montreal, Dec. 4.—Representatives of New York and Montreal capitalists waited on the Board of Commissioners at the City Hall this morning and asked for permission to build a sixteen-story hotel to cost \$3,000,000.

They urged that the civic bylaw which limited the height of buildings to ten storeys should be lifted for the hotel, because it would not pay if of less height than sixteen. The site of the proposed hotel is the corner of Peel and St. Catharines streets.

The Montreal capitalists behind the venture include Lord Shaughnessy and E. W. Beatty of the C. P. R.

### CURLERS GET BUSY FOR WINTER'S SPORT

ICE-MAKER ANDY DRYDEN  
STARTED WORK AT RINK  
YESTERDAY.

Still peeced over the scant consideration shown them last winter by Old Jack Frost, the managing committees of both local curling clubs say they will get even this season by making a real early start at ice-making. Yesterday ice-maker Andy Dryden took charge and things will be speeded up the earliest in the history of indoor curling in Galt. All of the old guard are on their toes to get at it, and a large number are expected to join. With increased membership and only five sheets of ice it is just possible that there may have to be a limit set because of lack of accommodation. Three nights a winter curlers may not agree with this but active curlers do.

## PRESTON

### IT IS DIFFERENT NOW.

Citizens of Preston are quite peeved over the Grand Trunk Railway cutting off the early morning train going north. The town of Preston now appears to be a backwoods village, for it is impossible to secure a Toronto morning paper until noon. Previous to the cutting off of the early morning train Toronto morning papers could be secured at the local bookstores at 8 o'clock in the morning.

### SUCCESSFUL BOX SOCIAL.

The box social held under the auspices of the Sons of England Lodge at the C.O.F. hall last night was a huge success. There was a large attendance and the boxes brought high prices. There was an excellent program and a most enjoyable evening was spent by all. Mr. George Everston acted as chairman and Mr. Herbert Mills was the auctioneer.

### FUEL SITUATION SERIOUS.

Mayor H. J. Schulz received a telegram this morning from H. A. Harrington, Fuel Administrator for Ontario, in reference to the coal shortage. The telegram reads as follows: "Mayor, Preston, Ont.—Bituminous coal shortage very serious. Wire me immediately condition your public utilities and hospital situated, quantities of bituminous coal on hand, and daily consumption in the use of bituminous coal for display advertising and other non-essentials is forbidden. Immediate attention here required. (Signed) H. A. Harrington, Fuel Administrator for Ontario."

### ARRANGEMENTS MADE.

There was a meeting of a committee representing the hockey club and the Preston Arena Company last night and all arrangements for the season were fixed up. Practice nights were arranged and the percentage of the gate receipts agreed upon. Everything was arranged satisfactorily to both parties. The Arena Company promised to have ice for the boys to practice on early next week, if the cold weather continues.

### HOCKEY PROSPECTS.

The hockey meeting held at the Central Hotel last night was largely attended and great interest was evidenced. The prospects look bright for a fast junior team. A number of the players were at last night's meeting. The management have 25 names of players on the list who will try out for a place on the team, and the six that are chosen as regulars should be able to deliver the goods under the watchful eye of Coach Kinder and the management. President Frank Church was in the chair. Herb Homuth gave a report of the interview he and the other members of the special committee had with the owners of the arena and the arrangements that were made were quite satisfactory to the hockey management. The boys will commence training at once and if the weather keeps cold a few days longer there will be sufficient ice at the arena to allow the boys to start practicing the early part of next week. Following the regular routine business the meeting adjourned, with everyone present going away with the opinion that Preston will have the strongest junior team it has had in years.

### CHILDREN ARE BUSY.

The children of the various Sunday schools in town are starting to hold weekly practices for the coming Christmas entertainments. Every evening a practice is being held at some Sunday school, and if the children are not attending practice at the church they are gathering at their teachers' homes, rehearsing songs and recitations for the coming Christmas festivals.

### SENTENCED TO HOME.

### HOCKEY MEETING HELD LAST NIGHT

IF MAPLE LEAF DOES NOT MAKE DEPOSIT THEY WILL BE DROPPED.

A rousing hockey meeting was held at the Oaks' block last night and everything is now in readiness for the opening of the league, which will take place as soon as definite word is received from the Preston Arena Company that they have Joe W. McKelg acted as chairman in the absence of the President, Frank Murphy.

The meeting was opened with the reading of the minutes of the former meeting which were adopted. The various clubs who have entered the league and who had representatives at the meeting, made their deposits. Every club that has entered the league is looking forward to a successful season. The Maple Leaf club is the only one that did not "come across" and it was decided to give them until Monday next and if their deposit is not forthcoming by that time, they will be struck off the list, and the league will proceed with five teams instead of six. Arrangements are being made with the Grand River Railway Company whereby a special car will be run to Preston every "Hesper night" to accommodate the hockey players and rooters.

Mr. Watchmuth was present at the meeting and promised the winning club of the league, a handsome shield, which will be known as the Watchmuth Shield, and will be competed for year by year in the Town Hockey League. The shield has been ordered and will arrive in the course of the next few weeks and will be placed on exhibition in one of the store windows. The league, no doubt, will get under way by a week from next Wednesday, and great preparations are being made for the opening night.

In Police Court within the next few days.

Miss Minnie M. Fach, head nurse at the Doctor Potter Hospital, Hawkesbury, has sold her handsome bungalow and property at the corner of William and Dover streets, to Miss Berthe Boyce. Miss Boyce will make a number of improvements to the property.

Mr. Alex. Laird of Toronto, called on friends in town this morning.

There will be a euchre contest at the parish hall tonight between the St. Pats Club of Galt and the members of the St. Clements Club.

Good progress is being made repairing the roof of the Crown Furniture Company's works.

A number of speeders will appear

### HESPELER PLAYERS INVITED.

The Preston Hockey Club management has extended an invitation to all Hesper Junior players who would like to try for a place on the Mineral Springs line-up to attend the hockey practices, and they will be given an equal chance with the rest to make a place on the team. A notice will appear in The Reporter as to when the first practice will be held, which it is expected will be during the latter part of this week of the forepart of next.

Hesper The Ladies' Guild of St. James' church, Hesper, will hold a bazaar, including sale of work and home-made baking, in the Wayner Hall, on Friday, Dec. 5th, afternoon and evening. Afternoon tea will be served. —D-2.

FOR SALE. Apply Louis Bucholtz, Adam street.—D-3-1.

### HESPELER'S NIGHT.

Secretary Buck of the Town Hockey League, paid a visit to Preston yesterday afternoon where he interviewed the Arena management in regard to Hesper night at the arena. He was informed that there would be a meeting of the shareholders of rink on Friday night of this week and full detail would be forwarded to him on Saturday.

### PROUD OF BAND.

The citizens of Hesper are quite proud of their newly organized band and they are looking forward to having a musical organization which will furnish excellent music for them during the summer months. Bandmaster James Hyslop is working hard and expects to round together as fine a band as there is in the country. Practices will be held every week and by the time spring opens up the local organization will be able to provide the citizens with weekly concerts.

### ROADS IN GOOD SHAPE.

Farmers who were in town this morning report the roads as being in excellent condition and better now than they have been any time during the summer.

### JUST TROUBLE.

A Ford car came to grief at the outskirts of the town this morning—it has not been learned what was

the trouble but the car was left standing on the roadside while the owner walked into town.

### BIRTHDAY PARTY.

A very pleasant evening was spent at the home of Mr. and Mrs. James Brethauer Saturday last, when about 30 friends from Preston and Hesper dropped in and surprised the former, it being his birthday. The evening was spent in progressive euchre and music after which a dainty lunch was served, all returning home wishing Mr. Brethauer many happy returns of the day.

A number from town attended the funeral of the late Mrs. David Groh, held at Breslau this afternoon.

A number of the chimneys that were blown down by the gale last Saturday night are being repaired.

Some of the citizens who reside at the west end of the town are wondering today who the party or parties were that tried to drive their Ford car up the sidewalk, instead of the road.

Mr. and Mrs. A. Genge who have been visiting friends for the past few days, left for their home in Brantford, last night.

Miss M. Carey of Goderich, is a Hesper visitor for the rest of the week.

Mr. George Huether of Guelph, was a visitor to town today.

Misses Gladys and Gertrude Hansome of Harriston, are visiting friends in town.

A handsome McLaughlin car arrived in town this morning, the property of a local manufacturer.

Friday at 8 p.m., an illustrated lecture will be held in St. James' Lutheran church. The subject will be "Jerusalem and the Holy Land" and will be presented by Rev. Fred H. Schaefer, Ph.D., of the Waterloo Seminary. Dr. Schaefer has spent a whole year in Palestine, being attached to a commission for Oriental Research. Come and bring your friends.

## WILL NOT BE FORCED TO KISS THE FLAG

W. D. EULER SAYS FLAG MUST NOT BE USED TO HUMILIATE A MAN.

Toronto, Dec. 4.—(Mr. W. D. Euler, M.P., stated here yesterday that "The news despatch from Kitchener yesterday might be construed as identifying him with those active in the name-changing movement."

"I had nothing whatever to do with it at any time," said he, "nor did the News-Record support the movement."

As to the statement that he was forced to kiss the flag, he said this statement was erroneous.

"I declined to do so and gave my reason to the crowd."

"I have no objection to doing so," said Mr. Euler, "under proper circumstances and in order to honor the flag." When, however, it was demanded in order to humiliate a man he felt that the flag was made "the instrument of oppression" and he objected for that reason.

## LOVE and MARRIED LIFE

by the noted author  
Idah McGlone Gibson

### JOHN HAS AN UNCOMFORTABLE EVENING.

John came into the room, purposely making a great deal of noise, but I pretended to be asleep.

I sometimes wonder what would happen in this strange world of ours if there were no hypocrisy, no lies, between those who are bound together by ties of love or relationship. I believe it would make for a better world and a happier home life if we were all perfectly sincere with those with whom we come in contact every day.

I said something of this kind to John's sister, Alice, the other day, and she did not agree with me.

"The only people I know," she explained "who pride themselves on being honest are the most disagreeable people one can imagine. I always steer clear of the woman who says: 'Well, I don't lie to any one. I say what I think!' because I know she is either lying at that moment or else she has a carping, destructively critical, envious mind."

"But, Alice," I said, "wouldn't it be just as easy to see the virtues instead of the faults of other people?" "I don't think so," she answered. "At least the people who insist that frankness is a virtue never seem to have anything frankly good to say about any one."

### Untrue to Conventions.

As I thought over this conversation I chided myself for being untrue to my best convictions by allowing John to think I was asleep. I excused myself, however, by thinking that I was too tired of it all—too weary of the constant bickering to try to make any more explanations or even to listen to his.

Again I felt myself smiling at John's bungling attempts to wake me without actually speaking my name. He drew a rocking chair across the floor with a sound almost like a siren whistle; he dropped one shoe after another with a thud; and as a climax, knocked an exquisite statue of Patience off her pedestal in the corner, breaking it into small bits.

This caused a pyrotechnical flow of words as he bent down to consider the damage he had done. I was alarmed by this time that he knew I could not be asleep, but I kept perfectly still, even when he picked up the gold pocketbook he had given me, from where it had fallen among the debris of the shattered statue. To a disinterested spectator the scene had been uproariously funny, but I was in no mood for merriment.

John held the pocketbook in his hand for a moment, looking at it ruefully. His profanity ceased and he gazed at me with the expression which seemed to say:

"There are no words which can do justice to my feelings at this moment!"

Then with a growl of impotent rage he thrust the poor little gold purse which had made so much trouble, into his pocket and I hoped I had seen the last of it. He then proceeded to undress.

After preparing for bed, however, he seemed to grow enraged again and, wrapping himself in a blanket, which he dragged from the closet, he laid himself down upon the divan, leaving the electric lights in full blast.

For a short time he tossed and turned, and then with another vocalization of a picturesque vocabulary he angrily rose and turned out the lights.

I do not know when he went to sleep, because as soon as the lights were out I felt myself becoming au-

thopathic mass, without power to think or capacity for emotion. Yet I was not asleep. I had a distinct consciousness that the bed was soft and comfortable and that the tears were dry on my eyelids. My forehead had lost its cold moisture and my hands seemed to grow softly human once more. Up to then they had felt shivered and hot and clammy.

I know now that I had reached the point where physically I could go no further, and merciful sleep must have touched my eyes with its promise of surcease from all pain.

"When I awakened in the morning John had gone."

### Rapping at the Door.

It was many seconds before I could realize that what had brought me back to all the worry of everyday life was an impatient rapping on my door. I tried to speak and was not quite sure whether the effort was too great physically or whether mentally I was too inert to make a sound.

It did not seem to matter, however, for after the insistent tapping had become an angry pounding, the door opened with a bang and Madame Gordon entered the room.

I did not realize that I was staring into her face with wide-open eyes until she spoke:

"Good gracious, Katherine, what is the matter with you? Are you dumb as well as deaf? I have been pounding on your door for at least five minutes! Don't you know that it's after 11 o'clock? John was up and on my way early, and I, notwithstanding my age and infirmities, arose and had breakfast with him. That is something I have not done for years, but I felt he needed me this morning. He told me, however, to let you sleep, but I decided that you had slept long enough to recover from any sort of fatigue. A number of boxes have come from your home, addressed to you here, and I want to know what you are going to do with them?"

"Tomorrow"—"Madame Gordon."

### The Tortures of Dyspepsia Relieved By "Fruit-a-lives"

LITTLE BRAS D'ON, C. B.

"I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try 'Fruit-a-lives'. In a week, the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous." ROBERT NEWTON.

## RUB NEURALGIA AWAY! END PAIN

### INSTANT RELIEF FROM NERVE TORTURE AND MISERY WITH OLD "ST. JACOB'S LINIMENT"

Get a small bottle! Rub this soothing, penetrating liniment right into the sore, inflamed nerve, and like magic neuralgia disappears. "St. Jacob's Liniment" conquers pain. It is a harmless neuralgia relief which doesn't burn or discolor the skin.

Don't suffer! It's needless. Get a small trial bottle from any drug store and quickly rub the "aching nerves" and in just a moment you will be absolutely free from pain, ache and suffering, but what will please you more is, that the misery will not come back.

No difference whether your pain or neuralgia misery is in the face, head or any part of the body, you get instant relief and without injury.

### OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count off! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

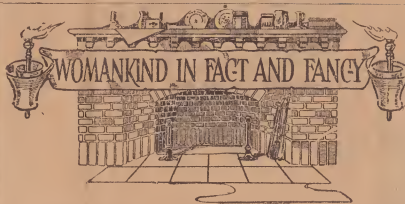

Get a small bottle of Ely's Cream Salin from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

### THE UNIVERSAL UNIVERSITY.

"A University education is little more than the careful reading of certain books which, in the judgment of wise men, fairly represent the accumulated knowledge in this or that line of human effort. It is reassuring to reflect that the Washingtons, the Franklins, the Lincolns, and the host of self-made men like them were not so badly made." So says a noted librarian writing of the value of the value of the public library, especially when it is located near the school house. And it is a true statement as far as the classroom aspect of university education is concerned. There is a value of such education which comes through contact of the young mind and character with the diverse elements of the student and professorial body which is of inestimable value as long as he had as well in no other way. But one who cannot have this advantage should not despair so long as the presses of the house are turning out reams of wisdom to be had for very little cash outlay. Don't depend altogether on the public library for this benefit either. Every home, no matter how modest, should have a goodly library. And if you learn to really neighbor with your neighbors, you will gain much of that insight into the human heart which rounds out the mental equipment of the well-educated. —Farmers' Advocate.

### HOME-MADE NOODLES.

Take one egg, or half a can of milk. Beat thoroughly if the egg is chosen, then add enough flour and a little salt to make a hard dough, the harder the better. Mix as long as it will take up flour, then put on a bake board and roll out as thin as possible. Cut in strips as thin as can be with a sharp knife, put to dry on the back of the stove. These are delicious in any kind of soup, and will keep a length of time.

class. A living magazine will be presented in which will appear a page for women, a funny page, and others, as well as several pages of advertising, where everybody's business in town will be advertised. The most interesting item on the program, however, will be a mock parliament, which will discuss during its session, the eight hour day. Don't fail to hear the children discuss in a very efficient manner this present day problem and also in the proper form of parliamentary procedure.

### THIS SOUP RECIPE HAS STOOD 50 YEARS.

Here is a recipe for soup that was used by a woman fifty years ago, and was handed down to her daughter, who has used it for over forty years, with success.

Three pounds of shank or ribs of beef; boil two hours and then add half a cup of pot barley. Cook slowly for two hours then add small cabbage and one or two grated carrots, and pepper to taste and an onion if preferred. Cook half an hour longer.

### NEW DUNDEE

(From our own correspondent.)

New Dundee, Dec. 2.—Mr. Ed. Carson has had the misfortune of having his face very severely burned when the gas of a gasoline lantern ignited. He is still under the doctor's care but is improving.

The frame work of Mr. Menno Rosenberg's barn was erected on Thursday last. The old barn was burned about six weeks ago.

Rev. Mr. G. A. Shepherdson is at present confined to the house on account of illness.

Don't forget to keep the evening of Dec. 19 open as the night you are going to spend with the children at the New Dundee school. The scholars will receive you a very enjoyable time. You will find it instructive and educative, as well as exceeding ly humorous.

Come and hear the Glee Club, the Silver Bell Quartette, the Mixed Quartette and others. Many of the latest songs will be rendered. A splendid piece of English literature, "Nicholas Nickleby," from the Ontario Fourth Reader, will be dramatized by the Senior Fourth photograph.

## RHEUMATIC FEVER

RHEUMATISM IN ITS MOST SEVERE FORM COMPLETELY OVERCOME

"From a water-mattress to a trip down town in two weeks is pretty good, don't you think?" said Mr. R. A. Watkins of 156 Annet Ave., Toronto, the other day.

Last April I contracted Rheumatic Fever. No medicine seemed to help me. From an invalid's chair to bed, from bed to a water-mattress in a few short weeks I went. I don't want to think how I suffered. My wife read your advt. in the paper one day, and we decided to try T.R.C.'s. Well, in two weeks I made that trip down town. It seems like a miracle. Now I'm back at my job again in the best of health, but we still use T.R.C.'s. Mrs. Watkins says for a headache there's nothing like them. Two T.R.C.'s seem to stop any headache that ever happens in our family."

T.R.C.'s are for Rheumatism. They are also for headaches. A headache is easy for T.R.C.'s. Try them. Ask your druggist. T.R.C.'s are mailed anywhere for \$1.00. (Templeton Ltd., 114 King W., Toronto).

The Vicar of Wenbendon, England, the Rev. J. Boyle, is at present living in a stable with his wife and children. He had to turn his big house, which had 12 bedrooms and 6 reception rooms, into a big higgling house, because his stipend would not allow him to keep it up. It is shown in the upper picture. Rev. J. SHAMROCK IV, LIPTON'S CUP CHALLENGER, TAKES THE WATER AFTER FIVE YEARS.—The Shamrock IV, Sir Thomas Lipton's America Cup challenger, in drydock at the Shewan yards in Brooklyn, N. Y., just before the Shamrock took the water. The yacht was in drydock five years ago, when the war broke out. The rigging was stripped, but it is doubtful whether Sir Thomas will want to change it or not. The Shamrock IV, is of an extreme type. The keel measures 35 feet, and the body is of canoe type, cut off short on the overhang, the bow being carried to an extreme length. The interior of the boat is partly of wood and partly of steel. Some yachtsmen call the boat a freak.

## PADEREWSKI'S WIFE IS THE REAL BOSS IN FAR OFF POLAND

WARSAW IS STIRRED BY HER  
MEDITATION WITH AFFAIRS  
OF STATE.

CANNOT SEE DIFFERENCE BE-  
TWEEN PRIVATE AND OFFI-  
CIAL RELATIONS.

The following is part of an inter-  
esting editorial that recently ap-  
peared in one of the most prominent pa-  
pers in Warsaw.

Whoever wants to speak to our  
Premier must appear first before Mrs.  
Helen Paderewski. This applies as  
well to individuals as to delegations,  
to private as to public affairs. The  
secretaries of the Premier send ev-  
eryone to that lady, who, taking ad-  
vantage of her legal union with the  
Premier, and although no one ap-  
pointed her to that office, plays the  
part of a minister and forces every-  
one who has some business with her  
husband to speak to her first. And  
what's more, Mrs. Helen has even her  
special aide-de-camp. If Mrs. Pader-  
ewski possessed political genius, if it  
could be hoped that the influence she  
exercises upon the affairs of a good  
one, then we could perhaps connive at  
this "petticoat government."

But, alas! Mrs. Helen not only has  
no genius, but she has neither tact  
nor proper manners. Unable to see  
the difference between private and of-  
ficial relations, she interrupts the  
seatings of the council of ministers,  
evinces sudden care for the health

and even appetite of "dear Ignaz." The French diplomats, remembering the constant presence by the side of  
Nicholas II. of Rasputine, have  
christened her "Mme. Rasputine." Her  
unconcerned appearance ev-  
erywhere, where only Paderewski  
had been invited, her meddling with  
politics, give rise, sometimes, to very  
embarrassing situations.

People have racked their brains for  
a means of influencing the too sub-  
missive husband; they asked us to  
interfere in the matter. We demurred  
for a long time, for the inborn chiv-  
alry of every good Pole forbids al-  
ludeness to a lady. But, since it has  
been proved that Mrs. Paderewski  
has very little of the lady in her, and  
that all this has been of no avail;  
that the persons of her immediate en-  
tourage have not been able to induce  
her to leave off meddling with official  
affairs, the coarseness of her com-  
prehension compels us to refer to  
more effective means, may they be  
ever so painful. We therefore decid-  
ed to put the question quite clearly.  
If we had to do with a person pos-  
sessed of delicate feelings the task  
would be most painful, but when no  
such feelings exist, it's the only pos-  
sible way.

We, therefore, request Mrs. Pader-  
ewski to leave off meddling, before  
or behind the wings, with the affairs  
of the Polish state; to keep away  
from all places where her husband is  
obliged to appear in his character of  
Prime Minister; to forbear meddling  
with the delegations who come to see  
the minister and not the husband of  
Mrs. Helen Paderewski; to abstain  
from exercising her influence upon  
the appointment of dignitaries and  
officials; to cease promoting her  
friends and relations to various posts  
in the state; to remember that the  
abhorred Mary Andreevna Burko  
had exactly in the way, and in this

same castle, where now reigns and  
governs Mrs. Helen, born Rosen, the  
divorced wife of Mr. Ladislas Gorski,  
married again to Mr. Ignace Pader-  
ewski.

## REAGENT

Regent Offers the Remarkable Para-  
mount-Aircraft Special, "Secret  
Service," with a Wonderful All-  
Star Cast—Balance of Program  
Excellent Entertainment.

Tonight and for the balance of  
this week the popular Regent offers  
its many patrons a picture along the  
same lines as the famous "Birth of a  
Nation"; the 11th episode of the  
great Western serial, "Elmo the  
Mighty"; Topics of the Day, full of  
the bright and quaint sayings from  
the world's best humorists, and the  
all-British News Weekly, Kinggrams,  
showing scenes from all parts of the  
entire world, of vital interest to the  
public; and a very funny Fatty Ar-  
buckle comedy entitled "Fatty and  
the Bathing Girls."

DRAMATIC MOMENTS  
IN "SECRET SERVICE."

Major Robert Warwick Plays Fine  
Role in Big Photoplay.

There are many tense situations in  
the new Paramount-Aircraft special,  
"Secret Service," directed by Hugh  
Ford, with Major Robert Warwick in  
the role created by the author, Wil-  
liam Gillette, and which will be seen  
at the Regent tonight.

Among these, perhaps the most  
striking is that wherein the two bro-  
thers, Lewis and Henry Dumont, meet  
in the Varney home in Richmond  
during the siege of that city by the  
Federal forces in the most stressful  
period of the Civil War.

Lewis is on secret service, ar-  
ranging to send a message to the  
Confederate commander which will  
result in laying Richmond open to  
easy capture by the Northern troops.  
Henry gains the information he needs  
and allows himself to be captured by  
the rebels.

He escapes and gets to the Varney  
home. The escape has been permit-  
ted by a Secret Service man who sus-  
pects the two are brothers and spies.  
He thinks they will betray one an-  
other. But they are too shrewd. Hen-  
ry whispers to Lewis to shoot him.  
He refuses. Henry shoots himself to  
make it appear Lewis did so in cap-  
turing him. Thus the plan is saved,  
but Henry pays the forfeit.

This is only one of many similar  
situations which abound in this  
striking drama. A wonderful cast  
has been selected, the leading woman  
being Wandu Hawkey.

Splendid and appropriate music by  
the Regent orchestra and usual Reg-  
ent prices.

JOHN C. GREEN.

## WELL, LAND'S SAKE! AIN'T IT A CAUTION?

New York.—Broadway merchants and movies are registering the complaint there are too many \$100 bills and too few dimes. Subsidiary coins are being cornered and melted for their silver, bankers say.

New York.—A sweet job, literally, has been had by longshoremen here. They have just loaded 11,000 tons of sugar on a ship.

New York.—Even dying may be more expensive after Jan. 1, Hearse drivers are preparing to strike for higher pay and one full day off each week.

Albany, N. Y. — Things at the Capitol shouldn't be dull this winter. The Astors' Equity Association will have a lobby to promote legislation.

New York.—Mrs. George H. Perkins thought the expressman had brought her a bomb; so did the police, until they opened the burlap wrappings and disclosed a folding card table shipped from St. Louis.

New York.—"Goats that dine, a la cafeteria, on a hospital clothesline, must be restrained from doing so again. Five dollars, please." Aud Magistrate Brown fined three Brooklyn goat owners.

Springfield, Ill.—Adams Keller, 74, and Miss Catherine Scharf, 64, have been "acquainted" for forty years. They were married today.

Chicago.—Federal officials who raided Louis Zarof's home said they unearthed the largest illicit still in America, capacity 100 gallons a day.

### BLAIR

(From our own correspondent.)

Blair, Nov. 27.—Mr. and Mrs. Ross and family of Preston were visitors of Mr. and Mrs. Joe Hilborn on Saturday.

Mr. and Mrs. Charlie Kenyon and family of Braintree were visitors at Mr. and Mrs. John Kenyon's of this village.

Miss Earla Hoffman of the Classic City spent the week end at the home of Mr. and Mrs. Reeves.

Mr. Schaumburg of Guelph is visiting at the home of Mr. and Mrs. Gingrich.

A new fence has been placed around the property of Mr. John Gault, which makes a great improvement.

Mr. R. G. Struthers of Galt taught the Bible class of the Blair union Sunday school.

Mr. Albert Reeves of Stratford spent the week end at his home here.

Miss Perseda Hoffman of Doon spent Sunday with Mr. and Mrs. Bartholomew.

Mr. Jackson, who has been relieving agent for the last three weeks, has left here for another station.

Miss Kathleen Shane of Doon spent Sunday at the home of Mr. and Mrs. Bartholomew, of this village.

Mr. John Hertel, of Waterloo, spent Sunday at the home of his father, Mr. Isaac Hertel.

Mr. and Mrs. Small have moved to the village.

Mr. and Mrs. Wesley Schweitzer are living in their home near the village.

Mrs. Loftus and daughter Jean have returned from spending the last three weeks at the home of the former's mother, Mrs. Theker, Owen Sound.

Mr. and Mrs. Alex. Renshaw and sons spent the week end at the home of Miss J. K. Renshaw.

Quite a number from here attended the Hydro-Electric meeting in Preston, which was a great success. Sir Adam Beck spoke about the Galt-Elmhurst branch and referred to the miserable accommodation now existing. We trust Sir Adam's scheme will work out successfully. Wait till election day. The people will surely vote for the Hydro by-law.

The Blair hunters have arrived home with six deer and one wolf. They all say they had a good time, but not enough deer in that territory.

#### "LITTLE RED RIDING HOOD."

"Little Red Riding Hood," the fourth of a series of English pantomimes imported to this country by F. Stuart-Whyte, the noted British author-manager, will be the offering at Scott's Monday next, matinee and night.

By his previous productions, "Aladdin," "Robinson Crusoe," and last year's "Cinderella," Mr. Whyte has established a reputation for gorgeous musical shows that has placed his offerings in a class by themselves. The reception which has been accorded his latest effort amply evidences the fact that "Little Red Riding Hood" is destined to prove an

even greater success than any of his preceding importations.

This has been made possible largely by his being on the ground during the demobilization of the Imperial troops and women war workers this summer in London. A desire on the part of many former pantomime artists to see the country which sent such wonderful fighting men overseas, helped greatly in getting their signatures on the contracts for an extended tour of Canada and the United States.

Before the expiration of those contracts they shall have gained quite a knowledge of the new world, as their itinerary covers practically every important city between Halifax and Victoria, and Portland Oregon, to Portland, Maine.

### SCOTT'S

Bryant Washburn Presented in a New Light Romance, "The Insurance."  
—Star has a Delightful Role.

If one likes romance in the form of a motion picture film, it is certainly to be had at Scott's tonight, when Bryant Washburn's new Paramount picture, "Love Insurance," is to be presented.

The romance starts when Dick Minot, the role played by the star, while on his way down to Florida to promote a wedding between an English nobleman and an American heiress, which his employers have insured, meets by chance a beautiful girl and has a flirtation with her. The plot thickens when Dick finds that the very girl with whom he has fallen in love is the heiress in question.

Between love and duty, he appeals to his employers, but he is forced to sacrifice love on the altar of duty. Just as the girl is about to be married to the nobleman, she hears of his bet with Lloyd on their marriage, which results in her denunciation of both the suitor and Dick besides. Dick leaves for home and discovers the girl also on the train. Passing through the town of their first acquaintance, fond memories again sow the seed of romance and they are reconciled.

### Dandruff Surely

Destroys the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It does so much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it entirely. Sloan's gets about four ounces of ordinary liquid arvon; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.
